» **6.1 2024 - 2028 Financial Plan and Burnaby Consolidated Five-Year Financial Plan Bylaw 2024**

City Council voted to approve the 2024-2028 Financial Plan, an in-depth analysis of the City's finances, and outlines the funding needs to meet current priorities as well as looking at future requirements to meet the City's growing needs. The plan includes a 4.50% property tax rate increase for 2024. This increase accounts for additional funding requirements to support community safety requirements such as fire services, a new RCMP contract, E-Comm services and additional support for the unsheltered community.

» **6.2 CI - Integrated Project Delivery (IPD) New Burnaby RCMP Detachment, Design and Construction**

City Council awarded a contract for the design and construction of a new Burnaby RCMP detachment, designed to meet the current and future needs of the organization and ensuring effective public safety for residents for years to come. The new building will replace the old detachment, which was built in 1967.

» **6.3 City Hall on Deer Lake Site (4949 Canada Way)**

City Council authorized staff to move forward with a feasibility study to construct a new City Hall facility at the Deer Lake site, which would also involve the demolition of the current City Hall building, which was built in 1955. A seismic study, completed in 2023 concluded that the current City Hall building does not comply with the current seismic code requirements and is far from a current post-disaster building standard.
